

# EURO Containers

## Stacking type

This wide range of containers is useful for a variety of transport, logistic and storage applications.

- Standard colour is blue – with other colours available on request – see red in use on page 68 with META EURO Speedracks.
- Manufactured in food grade polypropylene for strength and versatility.
- All the range is compatible with EURO pallets 1200 x 800 and 1200 x 1000 mm
- 400 x 300 range is available with solid sides and base only.
- 600 x 400 range is available in either solid finish.
- The diamond shaped perforations in the semi-perforated container allow easy identification of contents when stacked or on shelf.
- Integral moulded hand grips and secure stacking ledges ensure safe handling in both transportation and storage.
- A choice of a dolly or special trolley is available for small scale manual handling of non palletised containers.

EURO container Type	Dimensions L x W x H mm	Solid Ref.
1	400 x 300 x 120	MC 0275
2	400 x 300 x 220	MC 0277
6	400 x 300 x 145	MC 0279
7	400 x 300 x 175	MC 0281
8	400 x 300 x 270	MC 0283
9	400 x 300 x 320	MC 0285

EURO container Type	Dimensions L x W x H mm	Solid Ref.	semi-perforated Ref.
3	600 x 400 x 120	MC 0287	MC 0299
10	600 x 400 x 145	MC 0289	MC 0301
11	600 x 400 x 175	MC 0291	MC 0303
4	600 x 400 x 220	MC 0293	MC 0305
12	600 x 400 x 270	MC 0295	MC 0307
5	600 x 400 x 320	MC 0297	MC 0309

### Manual handling EURO Containers

#### Dolly

Constructed in heavy duty plastic with 4 swivel castors this unit will accept both 600 x 400 and 400 x 300 boxes.

See page 68 for META SPEED-RACK storage bays using Euro containers

Description	Dimensions L x W x H mm	Ref.
Dolly	620 x 420 x 100	MC 0311
Trolley	1000 x 600 x 800	MC 0313

#### Trolley

Metal construction powder coated in RAL 7035 Moulded comfort grip handles and rubber tyred castors make this an ideal method of handling EURO containers for picking or workshop areas.
